

## Marly Augusto Cardoso

Marly Augusto Cardoso graduated in Nutrition (1985) from the University of São Paulo (USP). At USP, she obtained the master's (1992) and doctor's (1995) degrees in Food Science and Free Lecturer in Nutrition in Public Health (2006). She is a Full Professor at the Department of Nutrition, School of Public Health (SPH/USP) since 2016. She was head of the Department of Nutrition/SPH-USP (2012-2014), Coordinator of the Postgraduate Program in Public Health Nutrition (2006-2010), and is part of a team of researchers from the Center for Epidemiological Research in Nutrition and Health (NUPENS/USP). She was the President of the Research Committee of SPH/USP (2018-2022). She served as a visiting researcher at the Department of Nutrition at the Harvard School of Public Health (CNPq Senior Internship aid abroad) and as Lemann Research Fellow at the David Rockefeller Center for Latin American Studies at Harvard University (2012), Boston, and Fbright Food Studies Chair at the University of California Davis (2022), USA. She coordinated several research projects and the School of High Studies in Nutritional Epidemiology (USP / Harvard, supported by CAPES / Brazil and Fogarty / NIH / USA). She is Associate Editor of the scientific journals PLoS One and Revista de Saúde Pública, also collaborating as an ad-hoc reviewer in several international journals, such as Diabetes Care, Obesity Research, British Journal of Nutrition, American Journal of Public Health, among other journals in the areas of nutrition, epidemiology, and public health. She was a member of the Scientific Committee of the International Diabetes Epidemiology Group (IDEG) and a member of the body of scientific advisers from Fapesp, CNPq, and CAPES (Brazilian Research Fund Agencies). She completed 10 postdoctoral guidance, 12 doctorates, 16 master's degrees, more than 50 scientific initiations, and technical research training guidelines. She has experience in the field of Nutrition, with an emphasis on Nutritional Epidemiology and Public Health, working mainly on the following topics: assessment of nutritional status, food consumption, and nutritional epidemiology. She was Coordinator of the Brazilian Study of Home Fortification for Complementary Feeding (ENFAC study) - a multicentric pragmatic trial with support from the Ministry of Health of Brazil, CNPq, and UNICEF (2012-2014) and currently coordinates the MINA-Brazil study - Maternal-Child Health and Nutrition in Acre: birth cohort in Cruzeiro do Sul (CNPq Science Without Borders Program 2015-2017; Fapesp Thematic Project 2017-2022). Ad-hoc peer reviewer for the following institutions: CNPq, Fapesp, Capes, Fapesb, Fapac (Brazil), Colciencias (Colombia), Gulbenkian Institute (Portugal), University of Newcastle (Australia).
